Previous veterinary clinic:	
Is this patient currently on any medications or supplements? (if so, please list):	
<u>Please inform reception at this time if your pet may become nervous with restraint or close contact.</u>	

Clinic Policies

Please initial that you have read and understood the following:

Financial Policy

I hereby authorize the veterinarian to examine, prescribe for and/or treat the above described pet on this form. I assume responsibility for all charges incurred in the care of this pet. I also understand that these charges will be paid at the time of release and that a deposit may also be required for treatment. I understand that Cedar Creek Vet Clinic does not allow payment plans. A finance charge is applied to all accounts unpaid after 30 days. The finance charge is computed by a periodic rate of 1.5% per month, which is the annual percentage rate of 18%. Minimum charges per month are \$1.00. There is a \$15.00 service charge for each check returned to us by your bank.

Should I inform Cedar Creek if my pet does not like other animals?

Yes. We can plan ahead so that your pet does not come in contact with other animals while entering or exiting the building. Please check in with the front desk without your pet and we will arrange an exam room to be immediately available to you.

What if I am running late for my appointment?

We understand that many people travel from a great distance to our clinic, and unforeseen traffic or weather related issues may occur during transit. If late, please call our office so that we can arrange for your late arrival or reschedule your appointment. In most cases we can accommodate late arrivals, but we may have to delay your appointment to keep on schedule and you will be seen as soon as possible.

What will happen if my pet becomes extremely fearful, anxious, or aggressive?

We may have to sedate your pet or place a muzzle. Please understand that this is for our protection and will in no way harm or traumatize your pet. Even if your pet has never bitten or snapped at anyone in the past, our complete physical examination requires us to touch, hold, feel and manipulate your pet. Sometimes this can cause animals to become anxious or fearful. Sedation, if needed, can often make the appointment more pleasant for your pet. If you are unable to place a muzzle or if we are unable to safely sedate your pet we may be unable to attempt or complete examination.

Social Media Policy

We love to share cute pictures of our patients! Cedar Creek Vet Clinic occasionally posts pictures of our patients having a great experience at our clinic. If you would prefer that we not take or share pictures of your pet, or have any questions about our website or social media accounts, please let a staff member know.
